

YOUR GOD IS TOO SMALL

“No one is ever really at ease in facing what we call “life” and “death” without a religious faith. The trouble with many people today is that they have not found a God big enough for modern needs. While their experience of life has grown in a score of directions, and their mental horizons have been expanded to the point of bewilderment by world events and scientific discoveries, their ideas of God have remained largely static” (Your God Is Too Small, Phillips, p. 7). The writer goes on to say that an adult Christian can never find satisfaction and contentment in worshipping a God who is limited by his “Sunday-school-age” perceptions about Him. “And it will always be by such an effort that he either worships or serves a God who is really too small to command his adult loyalty and cooperation” (p. 7).
